

# About zenziya | English

---

## Copy

Founded in late 2018, zenziya is the Central American fintech in which our clients can make their own decisions. Today, we offer online loans to solve unexpected situations, when and where necessary. We envisage becoming the Central American Neobank of reference.

We make it easy to be certain that our customers are in control over their finances. We provide new technologies that ensure an almost instantaneous response tailored to each customer's needs. We are experts in loans and specialists in small moments.

## We plan to become the Central American's Neobank of reference

Today, zenziya is the financial services company which grants online credits in less than a minute thanks to its algorithm and artificial intelligence systems that allow the analysis of a client's credit capacity and history.

zenziya recognizes that its Customers expect simple, fast, secure relationship and solutions, with a company that is close and uses an authentic language.

zenziya promotes positive changes and innovative and personalized services, responding to basic and immediate needs.
